

CVA 3EZ

HEADLAMP ALIGNMENT SYSTEM

Revolutionary

ISO Color

Technology Combined with
“Visual Assist” Precision

Beyond

ACCURATE

Combining revolutionary ISO *Color* technology with the precision of the "Visual Assist" meter has resulted in a revolutionary, highly effective, easy to use headlamp alignment system — the "CVA 3EZ" by Symtech.

Sighting Unit

Squares the "CVA 3EZ" to the vehicle by use of a sight line that is aligned with two common points on the vehicle

"Visual Assist" Meter

When meter reading reaches highest level, alignment is complete

Beam Selection

Switch selects the beam pattern to be aligned

Step-by-Step

Easy to follow procedures located on the optical head

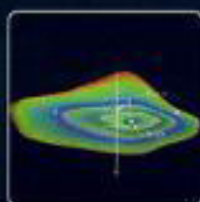

Laser Floor Slope

Measurement is accurate, precise and simple to achieve

Fresnel Lens

Precision engineer Fresnel lens provides the optics that enables the technician to view headlamps as they appear at 25 feet

ISO Color

Revolutionary color technology takes the guesswork out of headlamp alignment

Rotating Mast

Rotating mast allows for easy alignment of optical head to vehicle

Floor Slope

Adjustment is easily attained by rotation of the Eccentric Wheel

Old Technology V.S.

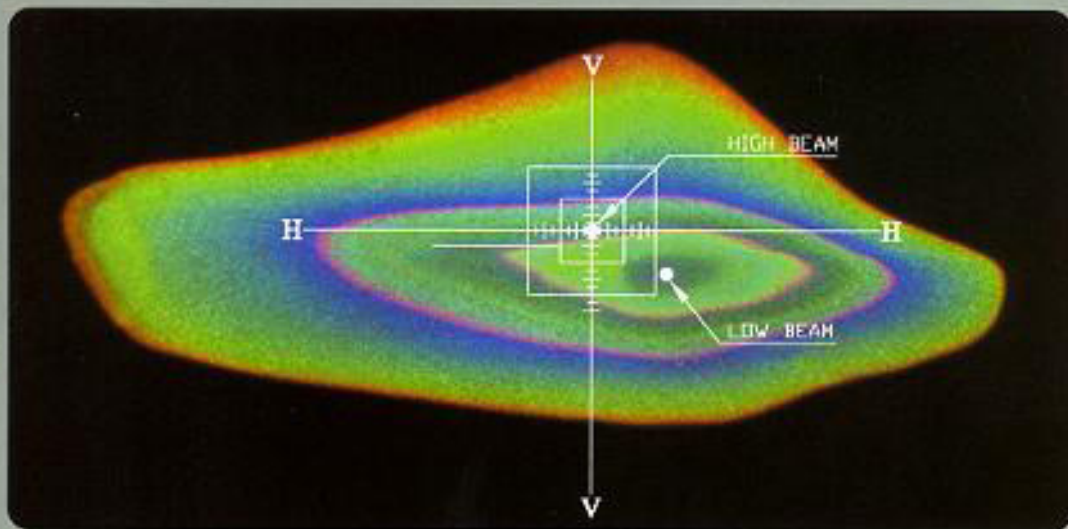

ISO Color Technology by Symtech.

The white haze defeated ideal alignment in old technology. The blur of white light offered no strong signals to guide the way to the point of precision. Too much time and guesswork made alignment too difficult. Now, precision alignment has found its champion.

Revolutionary

Color Technology

"CVA 3EZ" Headlamp Alignment System

- Defines the "High Intensity Zone" for precise alignment every time.
- Close enough isn't good enough for your customers. Forget your best guess. Achieve pinpoint accuracy and enjoy the optimum advantage with the "Visual Assist" meter.
- Clearly revolutionary, our new color pattern technology is your fastest path to perfect alignment.
- Six easy steps: position, adjust, square up, switch on, center, move to next lamp.
- It's that simple. It's easy to see. Just adjust to the white dot for precision.
- Affordable, flexible, portable.

Shop Space Saved

- "CVA 3EZ" does not require a dedicated bay. The system is portable.
- Bay space is a premium, a value your shop deserves.
- Dollars saved is a daily return.

"CVA 3EZ" Statistics

- Height 67"
- Width 26"
- Depth 27"
- Weight 76 Lbs.

Shipper Dimensions

- Depth 13"
- Width 18"
- Length 66"
